

Product Change Notification

Products affected:

Part #: (OA-400) Oragene®•ANIMAL

Description: DNA collection and preparation kit from animal saliva

Effective date of change: August 1st, 2011

Customer action: None required

Change description:

DNA Genotek will be changing the colour of the Oragene•ANIMAL transport and purification tube caps from teal and purple to clear and red, respectively. This change will impact purification protocol PD-PR-095 as cap colour is referenced.

Reason for change:

The product change is to improve customer satisfaction by providing a superior seal for OA-400 kits transported through the postal service as well as for long-term storage of samples.

Transition date: August 1st, 2011

Please contact info@dnagenotek.com if you have any issues or concerns pertaining to this Product Change Notification.
