

# Product change notification

**Product affected:** MO-3 bio-specimen bag

**Catalog number/SKU:** MO-3

**Effective date of change:** April 29, 2022

**Change description:** DNA Genotek will discontinue the sale of the MO-3 bio-specimen bag as of April 29 due to supply chain constraints. After this date, the MO-3 will no longer be available for purchase. However, we are pleased to offer you alternate bio-specimen bags to ensure you can continue shipping your collected samples safely.

Discontinued bio-specimen bag	Alternate bio-specimen bags
<p><b>MO-3:</b> Liquid-tight bio-specimen bag containing absorbent material to transport all DNA Genotek saliva and gut collection tubes.</p> 	<p><b>MO-4:</b> Liquid-tight bio-specimen bag containing absorbent material designed to transport Oragene™ and OMNIgene™•ORAL saliva collection kits.</p>  <p><b>MO-5:</b> Liquid-tight bio-specimen bag containing absorbent material. Printed with instructions for use on the bag to increase compliance with safe sample returns. The narrow bag dimensions make it an ideal solution to transport all Oragene, ORAcollect™, OMNIgene and OMNImet™ collection kits.</p> 

**Customer action:** Contact your account manager if you would like to receive samples or a quote for MO-4 or MO-5 bio-specimen bags.

If MO-3 is a component in your customization (Customization Requirements Document), contact your account manager to discuss replacement options.

If you have questions or concerns pertaining to this product notification, contact your DNA Genotek account manager or email [info@dnagenotek.com](mailto:info@dnagenotek.com).
